

Resistant Materials Eisteddfod Challenge

Build a Rubber Band Powered Car

There are two Categories:

Junior and Senior

One team from each house in each category

Come and collect your rubber band from RM

The rubber band you are given is to be your car's only power source

You can use any other materials to build your car

Testing will take place on Friday 11th July

Distance – how far your car travels once fully wound up

In the event of a tie break on distance a drag race will take place to find the overall winner
